

# El Mustang

CALIFORNIA STATE POLYTECHNIC COLLEGE ★

VOL. XVIII NO. 39

SAN LUIS OBISPO, CALIFORNIA

FRIDAY, MAY 24, 1957

"NOW LEMME GET THIS STRAIGHT," mutters Bill Gifford, left, instructor of the animal husbandry department's colt training class. "When we started there were 13 colts in the class, and now we have 14!" Particularly astonished is Jim Snyder, center, riding the 3-year-old filly he bought to train in the class. Only she seemed to know what was going on when he walked into her stall one morning last week and found a new-born foal which nobody knew was coming. The mare had been worked right up to the previous afternoon, but, although the colt was small, no other ill effects were discovered. Appropriately dubbed Chiquero Surprise, the foal is doing nicely, thank you, even though "Mom" has to work part time. After all, we can't let the boss flunk the class. (Photo by Don Nielson.)

## Class Picnic Postponed

The Junior Class picnic has been postponed until Sunday, according to Class President Maynard Kessler. Rain last weekend forced postponement of the beach party.

The picnic is free to class card holders and 50-cents to non card holders. A steak barbecue will be featured.

## Blue Key Elects Rohrer, Chairman

Bill Rohrer, mechanical engineering junior, has been elected chairman of Blue Key National Honor Fraternity, a service organization, and will take the gavel next fall.

Don Walker will be vice-president. Others named to Blue Key posts were Norm Nichols, secretary-treasurer; Jack Rector, corresponding secretary; and Ed Holland, alumni secretary.

Placement Officer Eugene Rittenhouse will speak at the fraternity's initiation dinner Wednesday, and some twenty men will be taken into the organization.

## Property Funds Approved

A bill appropriating \$400,000 for acquisition of property for Cal Poly in San Luis Obispo was approved Monday by the Assembly Ways Committee, and sent to the floor.

The same bill also called for \$890,000 for land for San Fernando Valley State College.

## Arts and Science Increase

For the first time this year, applications for admission to the Arts and Science Division next fall are running ahead of the number in 1956. The admissions office report of applications on file May 15 shows 144 Arts and Science applications compared to 140 a year ago. Applications total 1181 and represent a 17-plus per cent increase over last year. Applications have been received from 168 women.

## Math Major Builds Lie Detector Unit

A lie detector component, which measures emotional responses by mathematical and statistical analysis, is a "complete success" as a psychology class project, says its designer and builder, W. E. Bergfeld, senior math major from Phoenix, Arizona.

The detector measures, by electronic current, alterations in skin conditions caused by changes in emotion. The device was first tested in a psychology class on Bergfeld himself. It is, he says, "mechanically perfect. There are no bugs at all."

"What it actually amounts to is mathematics applied to psychology," he continued.

## Coeds Named Top Dairy Judges

Two coeds took the top honors in Wednesday's 7th annual dairy judging contest, leading a field of some 34 men entrants.

Exclamations of "who let in coeds" and other timely comments were issued following announcement of the official placings by dairy instructor Jack Albright. Complete placings in the contest are as follows:

Overall winners—Sue Reed, first; Marianne Pantages, second; Alan Dick, third; Charles Arosteguy, fourth; Don Morelli, fifth; John Peterson, sixth; Reggie Gomes, seventh; Keith Smith, eighth; George Ross, ninth; Howard Dabney, tenth, and Duncan Dunn, eleventh.

Jerseys—Sue Reed, first; John Peterson, second; Bob Knutson, third; Jim Garrison, Alan Dick, and Marianne Pantages, a four-way tie for fourth.

Guernseys—Howard Babney, first; Dick Heiney, second; Richard Haxton, third; Duncan Dunn, fourth; Guy Arosteguy and John Peterson, tie for fifth.

Holsteins—Sue Reed, first; Reggie Gomes, second; George Ross, third; Howard Dabney, fourth; John Baker, fifth.

## Record Budget Passed by Council; Twenty Groups to Receive Funds

### Officers Meet on Southern Campus; Film, Dance Here

By Polly Gadabout

Inter-Campus Council meetings start tomorrow for a two-day session on the Pomona campus. This is the second meeting this year of the two councils who come together to talk over ways and means of "working toward one college for the benefit of students of both campuses."

"Battle Cry" is the great production being shown tonight in the same place at the same time (the Engineering Auditorium at 7 and 9 p.m., in case you've forgotten.)

There's another College Union record dance tomorrow night in the Temporary College Union. Time? From 9 p.m. to midnight, natch! The College Union will give a trophy to the best couple in the evening's dance contest. There's going to be a big floor-show during intermission, too.

Poly's first annual outdoor concert will be presented Sunday afternoon at 8:30 p.m. in Mitchell Park. The concert will be given by the Cal Poly Concert Band. Admission is free. (Mitchell Park is between Santa Rosa and Osos streets on Piemo street.)

The first football game of the season is next Tuesday night, May 28, at 8 p.m. in Mustang Stadium. It's an intra-squad contest climaxing spring practice.

Memorial Day event will be the second annual Jackpot Rodeo at 1:30 p.m. in the Bud Collett Arena. Admission is free. The rodeo will feature five top rodeo events: saddle and bareback bronc riding, bull riding, calf roping, and bulldogging.

### New Glee Club Officers

Men's Glee Club officers for 1957-58, announced early this week by next year's Music Board chairman, Don Roberts, are as follows: President, Larry Litchfield; Manager, John Muraskiewicz; Vice President, Harry Nelson; Secretary, Jerry Miller; Stunt Chairman, Mike Moxness; Librarian, Frank Buller and Music Board Representative, Jim Nielsen.

Elections took place May 15, with official results announced last Monday.

The largest Associated Student Body budget on record, \$125,200 for 1957-58, was approved by Student Affairs Council Tuesday night just as it was submitted by Finance committee, May 14. Some 20 budgetary groups will receive student monies in amounts varying from less than \$200 to nearly \$50,000.

Last week's presentation of the budget to SAC by Finance Committee Chairman Tom Avenell climaxed some 800 hours of planning, budget hearings and budget revision by the committee, Avenell said. Budget requests totaling \$127,267.18 were pared to the estimated income of \$125,200.

Official budgets are being prepared for mimeographing, and will be available "in the near future," according to student officials.

### Horan Wins Machine

In a brief interlude from budget discussion, the ticket of R. B. Horan, senior animal husbandry major, was drawn from the barrel, making him the new owner of the "Green Machine," a Model A Ford given by Poly Phase as the prize in their donation drive.

### No New Budget Groups

Groups receiving student body money will be the same as this year, and include athletics, intramurals, College Union, music, Poly Royal, publications, fall leadership conference, homecoming, Model U.N., Rally Committee, Welcome Week, Rose Parade, dairy judging team, livestock judging team, Polygon, rodeo team, and ASB general. \$8,756 is held for contingencies.

In a statement to El Mustang, Avenell said, the primary reason for SAC's approval of the budget as presented by the Finance Committee is the careful work and attention given every item by the committee during the past five months.

Without exception, our recommendations have been approved, resulting in an understanding and confidence in one of SAC's committees that should exist in all of them. We on the committee feel that this budget is just, equitable, and in keeping with sound business practice."

Members of the committee include Jim Cletus, Joy Boyes, John Strothers, Ed Blevin, Lamond Woods, Keith Burnquist, Don Hawkins, and Bob McCoral. Advisors are Everett Chandler and Donald Nelson. Secretary for the group is Bob Bostrom.

### Jazz Group Stars Kenton Soloist

The Bill Perkins Quartet, featuring stars of the jazz world, will be presented Sunday from 2 to 4 p.m. in the Eng. Aud. by the College Union Assembly Committee, announces Dave Ridge, chairman. Admission will be free.

Bill Perkins has been leading soloist for Stan Kenton for the past five years, and has been featured on several records of his own. He is also noted for his work with Woody Herman and other groups.

With Perkins will be Lou Levy, pianist, who has worked with Shorty Rogers, Woody Herman and the Lighthouse All Stars, among other jazz notables. Buddy Clark, bass player formerly with Barney Kessel, and George Valentine, drummer with the Lighthouse All Stars and the Maynard Ferguson band, complete the quartet.

### Nominations Open For Ag Council Offices

Nominations for Ag Council officers close Monday, according to Dan Shuster, election chairman.

Any student in the Agricultural Division may be nominated for president, vice-president, secretary, or treasurer of the organization. Members of the council are representatives of the various departmental clubs.

Council members held an informal dinner Monday night. Members and guests attending included Dick Wilson, chairman; Jack Varian, Julie Smith, Chuck Griffin, Tom Avenell, Dean Vard Shepard, Don McCann, Skip Parker, John Rehbeck, Don Morelli, and Dan Shuster.

### 'Golden Reunion' Is Homecoming Theme

"Golden Reunion" will be the theme of homecoming festivities next fall. It will be the golden anniversary of the first homecoming on this campus, which is indicated by the theme.

Sam Cole has been selected by the committee to be queen's chairman while Jim Cady was named to the parade chairman post.

October 26 is the date set for the Golden Reunion and highlights will include the annual downtown parade and a night football game with Santa Barbara College.

THE COEDS KNOW THEIR COWS! At the seventh annual all-campus dairy judging contest last Wednesday afternoon, the coeds, who were, of course, competing for the first time, took the over-all first and second place trophies over the men. Here, a portion of the 36 contestants pass on the fine points of one of the Dairy Units prize animals. Held in the Dairy Pavilion, the event was sponsored by Los Lecheros, dairy husbandry majors' club.

(Photo by Al Salen.)

## This Campus of Ours

### Noisy Infant Distractions Overcome

A way to counter the distracting effects of a noisy infant son has been found by Ron Cowles, electrical engineering major from Chicago. He may be found most any afternoon hard at work studying in his car parked in the driveway adjacent to his apartment.

## "The Customers Always Write..."

### Dances Need 'Policing'?

Dear Editor:

Since when does the Rally Committee regulate and police all on-campus dances?

Last Friday night one member of this group came into the dance sponsored by the Woolgrowers in the sheep barn and took it upon himself to direct people around the dance floor. Many of these people became very irate at this unknown individual who was interrupting the harmony of the dance. He must be very dense since he failed to heed the advice of the president of the Woolgrowers to quit bothering the dancers. To some of the participants he claimed he was a security officer, but he showed no proof.

The musicians were very unhappy to have this person ask them to wrap up the dance early. After all, they were getting paid to do a job and didn't wish to sell themselves short.

The largest bu-bu pulled by this person was trying to direct the traffic away from the barn following the dance, when his own car was parked in the middle of the lot obstructing the passage of those wishing to leave.

Don't get me wrong—I don't want to scare people away from our fine dances. In fact, I join many others in inviting you to attend these functions, but even a drunk is less obnoxious than the campus "junior G men!"

J. Gordon Kennedy

### 'Hands-Off' System

Dear Editor:

I understand that Student Affairs Council, in the record time of two-and-one-half hours, has analyzed, thought out and approved next year's allotment of over \$100,000 to the 22 budgetary groups on campus. This averages out less than seven minutes consideration for each group. In past years it (budget

## McGrath Named to Air Conditioning Educational Post

James M. McGrath, Air Conditioning and Refrigeration Engineering faculty member has been appointed as a member of the International Education and Examining Board of the Refrigeration Service Engineers Society (RSES).

Announcement of McGrath's appointment to the society's key post came jointly from RSES International President William E. Tierney of Worcester, Massachusetts, and RSES International Examining Board Chairman J. H. Spence of St. Louis, Missouri. McGrath, who will remain as a member of Cal Poly's faculty, will assist in formulating and reviewing the examinations conducted by RSES at six-month intervals for Student, Associate, Active and Certificate members.

McGrath, at Cal Poly since 1946, is a commander in the United States Naval Reserve. He is a Navy engineering specialist and a former chief engineer for the U. S. Army Transport Service and superintendent of machinery at the U. S. Naval Yard in Manila. He is also a former engineer for the U. S. Army's Hoff General Hospital and for the Merchants Ice and Cold Storage Company at San Francisco.

He obtained an undergraduate degree at Santa Barbara College and has taken graduate work at Claremont and other schools. For the past five years he has been SAC faculty advisor.

approval) has meant "burning the midnight oil quite a number of sessions.

Could it possibly be that the present Finance Committee is so much more adept at budgeting than previous groups as to completely eliminate any need for the budget being carefully scrutinized by our own representatives. Are we preparing for plutocracy? Does money grow on trees? Couldn't they at least sit up there and hem and haw around for a few sessions to make it look like they cared? This new laissez-faire system is unique, if nothing else.

Don Wilkin

### Lesson of Life

Dear Editor:

Recently Flemon Hardy came into possession of a most valuable collection of books dealing with architecture. This collection could easily have been converted into a great deal of cash, but instead he chose to give these valuable books to the Architecture Department so that a number of students would greatly benefit. On behalf

of these students I wish to thank him.

In today's world it is a rare occasion when a person will sacrifice considerable personal gain so that others, relatively unknown to him, may benefit. His generosity and thoughtfulness in making this gift is by far one of the most inspirational gestures seen on this campus in many years. From Flemon we have received one of the most important lessons we can hope to gain during life: that of being a true friend to your fellow man.

Flemon has been a teacher, may we all benefit from the lesson. William H. Roth, President Student Chapter American Institute of Architects

## Poly Cowboys Rank Second; Seek Title at Klamath Falls

Ranking second, for the National Intercollegiate Rodeo Association Regional Championship, the Mustang rodeo team left yesterday for the NIRA finals at Klamath Falls, Oregon, slated for tomorrow and Sunday. Captained by Bill Stroud, the team includes Marv Roberts, Greg Ward, Larry Fanning, Riley Freeman, and Freeland Thorsen.

Rodeo club president, Scott Reddington claims the locals have a good chance of winning and said "We hope to retain our title of the best rodeo college on the West coast."

Events at the NIRA finals will be saddle bronc riding, bareback riding, bull riding, calf roping, steer wrestling, team roping, and horse racing.

Teams in competition include first ranking Arizona State, Washington State, Pierce Jr. College, University of Idaho, Central Washington State, Fresno State, Oregon State. Also a host of individual NIRA cowboys will compete.

Coach Robert Miller is accompanying the Poly team.

Last weekend the locals collected 589 points to take second place in the Fresno State College rodeo. Arizona State annexed the top spot. The Poly team, same as this week's, was selected for their strength in roping events in an effort to remain high in the standings for the regional finals.

Greg Ward was runner-up for all-around cowboy honors. He won the calf roping event and took second in the bull dogging. Riley Freeman was fourth in calf roping. Freeland Thorsen won the bull dog-

## Athletic Staffers Go to CCAA Parley At Santa Barbara

Constitution revisions, which will include athletic eligibility, and the election of officers will highlight the spring meeting of the California Collegiate Athletic Association to be held in Santa Barbara's Miramar hotel today and tomorrow (May 24, 25).

Seven members of the athletic staff will attend the meeting. Heading the delegation will be Athletic Director Leroy Hughes and Faculty Representative Vern Mescham.

Others attending will be Bob Bostrom, graduate manager; Charles Hanks, golf coach; Tom Lee, boxing and assistant football coach; Sheldon Harden, wrestling and assistant football coach; Howard O'Daniels, baseball and assistant football coach; Dick Anderson, swimming coach; Ed Jorgensen, basketball and tennis coach; and Jim Jensen, track coach.

Also on the agenda is the establishing of master conference schedules in football and baseball to start in the 1960 season.

## No State College Track Meet

The State College track meet scheduled for last Saturday was rained out and has been cancelled. It was slated for the Fresno State

track. Half miller, Lou Miller was the only Poly entry.

There is enough energy in the atoms on the point of a needle to drive a locomotive and train around the earth thirty-seven times.

ging trailed by Ward and Marv Roberts who took fourth. Placings in the riding events with the exception of Larry Fanning, who placed third in the bull riding and bareback riding, went to cowboys from the other four competing colleges.

## Rain Causes Indoor Program on First Poly WAA Playday

Rain didn't dampen the spirits of the first Cal Poly's Women's Athletic Association annual playday Saturday as it was held in the gym with approximately 65 girls from surrounding high schools participating.

Registration and the welcome first on the agenda. Then all the girls played volleyball, deck tennis, paddle tennis, badminton and participated in the relays.

Those helping with the various activities were Chris Bays, registration; Greta Garten, program; Dianne Smithson, Tracy Snow, Sandi Tyler, Jean Jump, Janice Seagoe, Barbara Day, Peggy McKnight, Nancy Parsons, Sheila Varian, Betty Jo Criner, Carla Kaufman and Pat Fitzpatrick, who was the statistician.

Mrs. Tom Reynolds and Miss Lesley Yeager are the WAA advisors.

## Inter-Squad Grid Tilt Tuesday Night

An inside look at the 1957 version of the Green machine will be offered Polyites Tuesday night when the annual inter-squad game will be held at 8 p.m.

The squad has been divided into Green and Gold teams and the contest will be played under regular game conditions. The game will terminate spring practice. Admission is free.

## Linfield Here!

The football game against Linfield College will be played here September 21 instead of in Oregon as stated in Tuesday's issue of El Mustang. That will bring the number of home games to five instead of four as originally reported.

THE GUYS WHO WRITE UP THESE CATALOGS FORGET WE DON'T HAVE A COLLEGE EDUCATION YET.

Faculty Swine Judges Win National Contest; Students Place Third

Cal Poly animal husbandry instructors took first and second and a total of seven of the top 15 places in the college professors' division of the 1957 National Duroc Picture Judging Contest. Darren M. Nelson was winner of the hog-judging competition, leading a field of 124 college professors with a score of 521. In second place was Roy Harris with 518.

Other Cal Poly instructors and their scores were as follows: Richard J. Birkett, 503; Harry B. McLachlin, 498; Russell K. Anderson, 488; Harmon B. Toone, 481; and Richard F. Johnson, 479.

In student picture-judging, Cal Poly students placed third with a score of 490.7. University of Illinois was first with 507.4 and Iowa State College was second with 502.4. The college division had 1,262 contestants.

mittie lists in detail all group projects during the year. The form is then passed on to the advisor who evaluates the chairman.

In pointing out the value of the information, Joan Newcomer, activities advisor, said, "With the data recorded on the student's activity transcript we have an easier job of providing answers to requests from prospective employers and the military service. Also it is a handy guide for student activity awards." Miss Newcomer reminded the groups that Friday is the due date for returning this information.

Summer Work Permits

Foreign students wishing to work this summer must have a permit, according to notice received this week from Dean Chandler's office. The permit, form 1-24 (Permission to Accept Employment), may be obtained from the Immigration office, 1130 Garden Street.

After securing and completing the form, the students should

Varsity Initiation Banquet Planned

A joint meeting of old members and prospective members of the Block 'P' society was held Tuesday to discuss the initiation banquet to be held Wednesday, May 29. Also the importance of a club such as Block 'P' for an organized voice of the varsity athletes was discussed.

Twenty-four new members representing all varsity sports were present.

Coach Roy Hughes will present trophies and address the new members at the banquet.

Activity Evaluations Provide Employment, Award Information

Annual activity records occupy the attention of all student organizations this week as clubs, boards, committees, and teams prepare to evaluate their membership and projects for the past year.

The leader of each group is asked to fill out mimeograph forms with information on such items as cooperation, dependability, tact, and leadership displayed by officers and members. Another form that is included in the study concerns the activities of the organizations. Here the chairman or executive com-
